

## NLES Accessibility Final Report:

### Onley Community Health Center Healing Garden

Final Score: **Green** – This trail is very accessible for users with or without disability that may affect walking skills.

\*\*\* No Limits Eastern Shore recommends viewing or downloading the “Native Plants of Accomack and Northampton Guide” to learn more about each garden prior to visiting them. The guide can be found at the following link:

[https://www.deq.virginia.gov/Portals/0/DEQ/CoastalZoneManagement/Eastern\\_Shore\\_Native\\_Plant\\_Guide\\_Revision\\_August\\_2013.pdf](https://www.deq.virginia.gov/Portals/0/DEQ/CoastalZoneManagement/Eastern_Shore_Native_Plant_Guide_Revision_August_2013.pdf)

The healing power of nature is evident at the Onley Community Health Center Healing Garden. This is a small and very accessible native plant garden that is located outside of the Onley Rural Health Center on Badger Lane. The purpose of this garden is to highlight the “therapeutic power of the Eastern Shore native plants” and signs

throughout the garden will teach you all about how healthy landscaping and yards = healthy bodies and minds as well. Although this garden is smaller than some of the other demonstration sights there is no shortage of native species plants here! At this garden you may see the following native species plants: Fringetree, Cockspur hawthorn, Blackeyed susan, Virginia Sweetspire, Switchgrass, Butterflyweed, and many more!

If you would like to add an observation or comment regarding this garden please e-mail [nolimitseasternshore@gmail.com](mailto:nolimitseasternshore@gmail.com) and include “Onley Community Health Center Healing Garden” in the subject line.
